OUR TERMS

All bills are subject to 2 per cent discount within ten days from invoice date. Sixty days net. Sight draft, plus interest, thereafter.

Shipments are forwarded by best carrier, in our judgment, at time of delivery, unless otherwise specified by customer.

First-class stock is carefully packed when shipment is made, and we hold good order receipt from the transportation company. Our responsibility ceases thereafter. If the stock reaches you in bad condition, notify agent and bring claim against the delivery company for damage caused by their negligence, as no allowance for this cause, can or will be made by us.

We endeavor to send out only the best quality of **Bulbs, Plants, Seeds** and **Cuttings**, but under no circumstances do we guarantee results of crops. If goods are not acceptable under these conditions, they must be returned to us at once.

All **Bulbs** are billed on arrival, whether shipped at that time or placed in cold storage for later delivery. They may be examined at time of arrival if desired, but no claims will be entertained at a later date.

As to all items other than **Bulbs**, claims must be made within five days after receipt or they cannot be recognized.

VICTOR MATHIS, Louisville, Ky.

June 25, 1930

Please send me the same variety and quality, only smaller size bulbs. My only complaint (?) is that last year my Lilies were too large, with too many buds. I had them with eight to fourteen buds, and they were the best lot of Lilies around my neighborhood.

FREESIAS

As usual, we will have our exceptionally fine strain to offer again, that produces best results, and consequently demands top prices in the market.

Elder's Giant White. After creating a sensation at all the flower shows for the last several years, it will be disseminated this Fall. Demand will undoubtedly exceed supply, so place your order now. Subject to price to be advised as soon as fixed.

SPIRAEAS (Astilbe)

PAPERWHITES

The "maybe" has been eliminated from domestic bulbs. Results are proving them to be equal to the old-fashioned imported kind and now the prices are making them profitable again. Our price was 25 per cent lower in Fall of 1930 than 1929. Will likely be similarly lower this coming Fall.

Rooted Cuttings

All listed in order of blooming

We can supply any variety you want even though it may not be listed, but we suggest that you grow some of the following, that we can recommend from past performances.

Last season proved more than ever before the necessity of growing better varieties that produce better results and better returns.

It cost more to grow a poor variety than a good one. Don't be a "has-been", be "progressive" and grow a few newer varieties before they're old.

*Worthwhile discounts for quantity orders placed in advance.

Just got in some Briarcliff Roses from you. The plants are nice and clean and were well packed. Just a word about the Easter Lilies. They were the best we have had in years and we had them just right. The Valley stock you have been sending us this season is again very good.

Samples of the success of S. S. S. in giving service and satisfaction

The case of Erabu we bought from you last year produced the best Lilies we have ever seen. One plant bore forty-two flowers, the largest we have ever heard of, and over half the case averaged more than ten flowers. We did not lose one bulb in the case. Lest you forget, these were only 7-9s.

ROWDEN & MITCHELL, Wallingford, Conn.

I might add that the Harrisi bulbs are as fine as any I have ever grown. Thanking you for service.

ROBERT M. ROGERS, Wilmington, Del.

Our Harrisi Lilies during February and March turned out fine. Averaged five to ten blooms per bulb.
